

CD PACK PRINTING INSTRUCTIONS

This PDF will print to any color office printer.

1. Print all but the last page onto white heavy stock, preferably coated.
2. All pieces should be trimmed with a ruler and x-acto knife on the crop marks.
3. Fold the CD insert in half.
4. Fold the small flaps of the tray card along the dashed lines, and insert it behind the CD tray after popping it out of the jewel case with your fingernails from the spine edge.
5. Print the last page *only* onto a sheet of blank CD labels from an office supply store. CD Stomper and Memorex brands work well. They should be arranged diagonally, not over-and-under, as with Avery or Neato brands.
6. Carefully peel and stick the label onto the non-shiny surface of a burned audio CD. CD Stomper works great for this.

Tip: This one looks great on yellow or light blue paper.

THE WASTE LAND BY T. S. ELIOT

The Waste Land is a highly influential 433-line modernist poem by T. S. Eliot. It is perhaps the most famous and most written-about long poem of the 20th century, dealing with the decline of civilization and the impossibility of recovering meaning in life. Despite the alleged obscurity of the poem—its shifts between satire and prophecy, its abrupt and unannounced changes of speaker, location and time, its elegiac but intimidating summoning up of a vast and dissonant range of cultures and literatures—the poem has nonetheless become a familiar touchstone of modern literature. Among its famous phrases are “April is the cruelest month” (its first line); “I will show you fear in a handful of dust”; and “Shantih shantih shantih” (its last line). The title is sometimes mistakenly written as “The Wasteland”.
